**Joint Statement on the EU's decision to start the process of suspending Cambodia's access to its preferential Everything But Arms (EBA) agreement.**

We, the undersigned Non-Governmental Organisations, Associations, Trade Unions, Members of the Cambodian Civil Society, and citizens are deeply concerned about the launch of the European Union (EU) Commission's procedure to temporarily suspend Cambodia's access to its Everything But Arms (EBA) trade agreement.

The EU has indeed expressed its concerns over the crackdown on democracy and human rights including the repression of the political opposition, media and civic space in light of the general elections of July 2018. The EU has repeatedly reminded Cambodia that respect for human rights and fundamental freedoms, including labour rights was a crucial part of the granting of EU trade preferences. In July 2018, the European Union assessed the human rights and labour rights situation in Cambodia in response to serious concerns about the undermining of democracy, respect for human rights and the rule of law in Cambodia and requested the Royal Government of Cambodia (RGC) to fulfil some conditions in addition to bringing back democracy and the respect of human rights in the country. On 11 February 2019, in view of the RGC's failure in fulfilling its obligations under the EBA agreement and the continuing deterioration of the human rights situation in Cambodia, the EU Commission officially announced the beginning of the tariff preferences removal process.

As defenders of fundamental rights and labour rights, we fully understand the European Union' position and decision. However, we are deeply worried that the EBA suspension will directly and negatively impact Cambodian people's welfare and livelihood.

We believe that this situation can be avoided if the RGC takes appropriate steps to fulfil its obligations towards its citizens and effectively implement the Cambodian Constitution, especially Article 31 stating that *"The Kingdom of Cambodia recognizes and respects human rights as enshrined in the United Nations Charter, the Universal Declaration of Human rights, and all the treaties and conventions related to human rights, women's rights and children's rights [...] "*, Articles 41 and 42 which guarantee the fundamental freedoms of association, expression and assembly, as well as Article 52 stating that *" [...] The State shall give priority to the improvement of the living conditions and welfare of citizens"*.

Therefore, we, the undersigned Cambodian Civil Society Organisations, Associations, Trade Unions, Members of the Cambodian Civil Society and citizens call on to the RGC to take concrete measures to restore civic space in Cambodia, and guarantee the protection and

fulfilment of human rights and labour rights to ensure Cambodian people's welfare and livelihood.
